

Michigan History Museum Project

We're asking the students to learn even more about Michigan history. Third graders at Quincy will be hosting a **Michigan Museum** where your child will share the information they've learned about the Michigan *person or feature* that he/she has chosen and researched. Presentations will be focused on the **historic** and/or **economic** impact to MI. We will be inviting parents, guests, and other classrooms in the school to come and visit our living Michigan History Museum. Visitors to the museum will listen as your child recites a script summarizing what they've learned about their person or topic.

See the back for a list of possible MI History Museum choices.

This year, kids will be doing the *research and script writing at school*. **At home, kids will be creating a visual presentation** (poster, diorama, model, etc.) **to go with their script**. Also, we're asking kids to dress the part by wearing clothes similar to what their person would have worn, or dressing nicely to display what they've created to showcase their knowledge.

Please use the list on the back to help your child select a person or topic that interests them. We will be making our selections on Monday, February 10.

Important Dates

- **Monday, Feb. 10** - Pick person or topic & begin finding sources
- **March 7** - Scripts done *
*We will start practicing at school
- **Mon, March 24** – Costumes and/or projects done
- **Wed, March 26** - Dress Rehearsal
- **Thursday, March 27** - Michigan Museum Performances - PM
